

**1. Who is eligible for InsideNGO membership?**

If you are a non-governmental organization (NGO) implementing projects or programs in the field of international development, relief, and humanitarian aid and deliver services directly to beneficiaries, you may be eligible for membership. Membership is also open to local NGOs registered and working in a developing country and that have been operating for at least two years.

**2. Is membership organizational or individual?**

Membership in InsideNGO is organizational, and anyone within the member organization automatically is eligible to receive membership benefits. We do not accept applications from individuals who are not working for an existing InsideNGO member, however, certain member services such as workshops and webinars are open to non-members at non-member rates. Preview the complete list of [upcoming InsideNGO events](#).

**3. What are the membership dues and how are they calculated?**

Dues are calculated according to your annual budget. There are also several special dues categories, such as for universities. For dues information, please e-mail [info@InsideNGO.org](mailto:info@InsideNGO.org) and let us know if you are a U.S. or international NGO, or a local NGO.

**4. What is InsideNGO's membership year?**

Our member year is October 1 – September 30. If you join between October 1 and March 31, the full Annual Dues rate applies. If you join between April 1 and August 31, dues are prorated at half the Annual Dues for the initial member year. Membership renewals take place in August/September of each year.
